EDU Pricelist for Student- and Institutional Discount Purchases

Dear Businesspartner and Audio Engineer Students,

AudioTechKnowledge now offers a special shopping discount for Institutions in the field of media- and audio engineering education and also for students. Through this, high-quality learning materials are easier accessible. In order to achieve the particular discount level, the number of Units per order and product are relevant. If an institution don't want to take care of the collective order, students can also join together and place a community order. The video products are delivered in the form of download codes, after ordering and getting the receipt of payment, issued to one customer email and from there redistributed. All videos are cross-platform compliant and protected by a customer account against loss. Books will be collectively sent to one address. Soon we will also offer the Books as pdf-Download.

If you have any questions or want simply to order please feel free to contact:

Mr. Edgar Teodoro: Edgar.Teodoro@AudioTechKnowledge.com or by cellphone: +49 (0) 174 2436 747

Hereby our new EDU-Pricelist 02/11:

Alan Parsons´ Art & Science of Sound Recording (Video-Bundle)

Languages: German / Spanish (optional)

Format: Download, HD-Video

(protected by a customer login against loss in case you can download it again)

Running Time: 10h

Content: Alan Parsons reveals production secrets and gives insight into almost all steps of a music production. Numerous interview contributions with the who is who of the music industry supplies deep insight into the secrets of sound recording and delivers a retrospective of the evolution of the history of sound recording at the same time.

RRP: € 119,90 per Unit (Download)
 from 25 Units € 71,94 per Unit (40% Discount)
 from 50 Units € 59,95 per Unit (50% Discount)
 from 100 Units € 53,96 per Unit (55% Discount)

Internal Mixing (Video-Bundle Vol.1&2)

Languages: German / English / French / Spanish (optional)

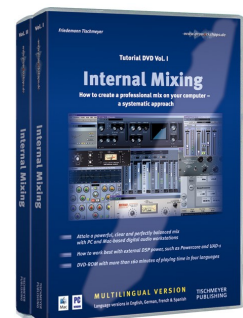

Format: Download, HD-Video

(protected by a customer login against loss in case you can download it again)

Running Time: 340 Minutes

Content: Internal Mixing is aimed at all harddisk recording program users who do their mixing mainly with their computers. You need more than a wide selection of plug-ins for a professional sounding mix! Internal Mixing provides practical strategies for using computers to make powerful, clear, and perfectly balanced mixes and shows how to create them without expensive outboard equipment.

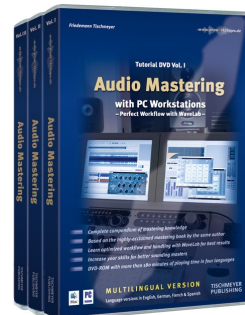

RRP: € 99,80 per Unit (Download)
 from 25 Units € 59,88 per Unit (40% Discount)
 from 50 Units € 49,90 per Unit (50% Discount)
 from 100 Units € 44,96 per Unit (55% Discount)

Audio Mastering (Video-Trilogie-Bundle)

Languages: German / English / French / Spanish (optional)
Format: Download, HD-Video
(protected by a customer login against loss in case you can download it again)
Running Time: over 450 Minutes
Content: The three-part Audio Mastering with PC Workstations is the most complete work on mastering and digital audio basics to date. Because knowledge about digital techniques and skilled handling of digital audio data is a prerequisite for professional mastering, subjects from PCM to jitter to dithering are treated extensively. The series is made for future mastering engineers as well as for every audio engineer, producer, media technician, and ambitious home studio enthusiast who is involved with digital audio on a daily basis and wishes to attain the best results possible.

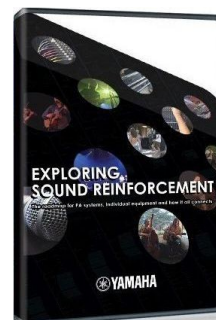

RRP: € 149,70 per Unit (Download)
from 25 Units € 89,82 per Unit (40% Discount)
from 50 Units € 74,85 per Unit (50% Discount)
